PERSONALIZED MEMORY CARE

Generations, a preeminent provider of senior housing in the Pacific Northwest, has been a part of the fabric of senior living since 1943. Our award winning communities in California, Oregon, and Washington offer a continuum of care allowing for transition from independent living to assisted living and state-of-the-art specialty care neighborhoods.

Memory loss brings unique challenges for individuals and their families. Dedicated to meeting the individual needs of each resident and to the preservation of personal dignity, we aim to achieve the highest quality of life possible.

The Parkview approach begins with getting to know the life story of each resident and designing a personal program that is tailored to the individual. Our neighborhood setting and professionally trained staff facilitate the engagement of individuals in meaningful activities and the development of close relationships between caregivers, residents and their families. We believe a safe, stimulating, nurturing environment empowers the resident to live their life to the fullest.

PEACE OF MIND

We are committed to ensuring that each resident is given considerate, helpful care while being treated with respect and dignity. You can have peace of mind knowing that your loved one is receiving the exceptional care that Generation's Parkview Memory Care Community provides.

WELLNESS PHILOSOPHY

At Generations, we believe that implementing a strong wellness philosophy is essential to good health and quality of life. Our philosophy focuses on integrating six essential wellness components: Physical, Emotional, Spiritual, Intellectual, Social, and Occupational. Our personalized care nurtures the body, mind and spirit, in a safe, secure, and loving environment. At Generations, we're family!

OUR RESIDENTS, OUR FRIENDS

“

Too often we underestimate the power of a touch, a smile, a kind word, a listening ear, an honest compliment, or the smallest act of caring, all of which have the potential to turn a life around.

”

Leo Buscaglia, Ph.D
Author, Motivational Speaker

FAMILY MATTERS

Parkview, a Generations Memory Care Community, comes from a history rich in caring for seniors in the Pacific Northwest. Founded in 1943 by Alonzo and Mabel Maddock, Parkview was the first of their senior care communities. Grandson Wendell White and his family have continued this tradition of care, and are proud to be recognized for their innovations and exceptional service.
